DRAWING WINNER LOVES POSTER BUT HATES WEEZER

The winner of our first-ever giveaway drawing here at OWM was area resident Ray Sandoval, not pictured above. We took his picture but unfortunately Payless lost our film so there is, as you can see above no picture of his smiling face.

You may recall that the drawing was for an autographed LIVE poster as well as the latest CD's by Sonic Youth and Weezer. Well, Ray liked the first two items plenty but turned around and sold us back the Weezer CD. We, in turn, sent it to Shawn and Jeff (the morning DJ's at KWOD 106.5) since they have a known love for destroying Weezer CD's on the air. They read our letter on the air and agreed to destroy it in some vile and nasty way. Be sure to watch for other upcoming drawings for more free stuff for our customers.

LIES!

Did you know that some stores sell used items as new and at new prices? Shocking news, isn't it? We've had a number of customers tell us about seeing this happen at another store and we want to assure you that here at OWM we do not even own a shrink-wrap machine. If an item has been played it is USED and will be sold as such. Yes, another store might use CD's for in-store play and then shrink-wrap and sell them as new but we do not. We believe that new MEANS new and unplayed.

IS THE PARTY OVER?

Yikes! We will be trimming our mailing list soon. If you want to stay on the list the easiest way is simply to use the coupon you got with this newsletter. You'll get a great deal on some music at the same time. If you don't want to use the money-saving coupon then just call or come by and ask us to keep you on the list. Easy, huh?

ATM CARDS!!!

We now accept bank ATM cards! We also accept Visa, Mastercard, Discover, checks, and even cash!
